Opt-out forms are provided to parents at the beginning of the school year in orientation packets and available online at <http://www.fcps.edu/is/lpe/fle.shtml>. Media titles that FCPS has permission to stream online are provided. All other media titles listed in lessons are available at your child's school. Media may be viewed at your child's school in the school library during school hours or at your school's parent preview night (please contact your school for more information)."

For students who are opted out of FLE instruction, opt-out lessons are provided for K-10. These lessons are based on the VDOE standards of learning for health education at each grade level.
